

GUELPH WELLINGTON SENIORS ASSOCIATION

OUR HISTORY

OUR HISTORY

How it All Began

Two volunteer organizations working together, the Guelph Senior Citizens Council and the Rotary Club of Guelph, were largely responsible for the idea of this fine building. They took the initial steps to encourage City Council to develop a seniors' centre and program worthy of Guelph and its 8,000+ seniors. Later, the City of Guelph and the Province of Ontario were brought on stream to provide much needed leadership and support.

The Guelph Senior Citizens Council was the brain child of the then Mayor Norm Jary in 1975. Up to that time numerous clubs of seniors were meeting throughout the City to organize activities and assistance for themselves. Mayor Jary, in consultation with local seniors after a trip to Niagara Falls, New York to see their seniors' facilities, suggested that a Senior Citizens Council be formed so seniors of the City could speak with a united voice. An open meeting for seniors was called at the Guelph Public Library with government officials from all levels in attendance, on 30 October 1975. There were 75 interested people present. The idea for a Council was unanimously accepted and **Jim Spark was appointed as the first President.**

A constitution for the Guelph Senior Citizens Council (GSCC) was developed by April 1976. Membership on the Council consisted of one delegate from each senior citizens group in Guelph and five delegates from senior citizens in general. This constitution was amended in December 1979, expanding the number of "seniors in general and others interested in senior citizens' concerns" to a number equal to those from the groups. In 1988 a new Constitution and name – The Guelph Wellington Seniors Association (GWSA) - were adopted. On 6 November 1989 the GWSA incorporated and subsequently obtained charitable status within the meaning of the Income Tax Act.

Early on, an application for a New Horizons Grant from the federal government was made to furnish an office in the Delhi Street Recreation Centre so a monthly newsletter could be published. **The Sentinel was born in 1976** with Jim Spark as the first editor. In the next few years many services for seniors were organized by the Council including a Social Centre at the County Jail Governor's Residence on Douglas Street, subsequently relocated in the Park Mall with the assistance of the City. As the services expanded and membership grew it became obvious that the relatively new location in the Park Mall was totally inadequate.

On 1 July 1979, Don Bower became president of the Rotary Club of Guelph. A Seniors Committee was formed, with Dave Kennedy as the Chairman, to add a further dimension to its extensive Community Service. Its purpose was to discover ways and means whereby the Club could provide assistance to seniors in our community. The Club made a donation to assist with the development of The Sentinel. Another early innovation in 1980 and 1981 was a Christmas Fantasy, the proceeds from which went to the Council. The second year several seniors were involved in the management and subsequently this most popular Christmas program was carried on by the seniors. One of the first moves was to contact the Senior Citizens Council, with Ernie Berner as President. In due course, Dave Kennedy became a member of the Board of Directors of the Council and after several years, President in 1984. The close liaison between the

OUR HISTORY

Seniors Committee of the Rotary Club and the Council was responsible for numerous developments expanding the seniors programs, and toward a common approach to the City for a new and much larger centre designed especially for seniors' activities.

On 18 October 1982 the two organizations, GSCC and RCG made a joint representation to the Guelph City Council, drawing attention to the lack of adequate facilities for seniors programs in Guelph and requesting:

- a) Establishment of a Senior Citizens Program Study Committee
- b) Establishment of a Senior Citizens Division within Recreation & Parks to operate seniors programs.
- c) Establish a Senior Citizens Advisory Board
- d) Appoint a Director of senior citizens programs
- e) An advisory Committee of seniors be appointed
- f) Appropriate staff be provided for the centre or centres.

It was many months before a Senior Citizens Advisory Board was established in on October 30, 1975 with Mrs. Dorothy Whyte as Chairman. The GSCC and RCG provided much information to the Advisory Board about the requirements in a new seniors centre, and in October 1985 the Board reported to City Council. A summary of the conclusions follows:

2. A new centre to serve as a "focal point" for Guelph seniors' activity and as an administrative headquarters for all seniors programs should be established.

3. Adequate staff should be provided at the centre to administer seniors programs and provide assistance to the many groups operating independently throughout the city.

5. After studying many suggested facilities which might be adapted for seniors use, and numerous sites for construction of a new facility, it was concluded the best solution was to put a "seniors" addition, containing appropriate space and facilities on the Victoria Road Recreation Centre. Such a development could result in capital and operating savings and provide the City of Guelph with a multi-purpose community centre of which we could all be proud.

A Site Selection Sub-Committee, with Allen Whitworth as Chairman, was established to study all possible sites within the City. Some 21 sites were considered by the committee, plus an additional 12 suggested by the Planning Department, prior to making their recommendation, subsequently adopted at the Senior Citizens Advisory Board for an addition to the Victoria Road Recreation Centre.

A supplementary report was made in 1986, outlining recommendations of space requirements of 17,900 sq. ft. for the many activities envisaged for the centre on the basis the centre would be an addition to the Victoria Road recreation Centre. A further recommendation regarding location was made:

THAT a seniors centre facility be constructed on the lands of the Victoria Road Recreation Centre or as an alternative that the property known as the Bowlerama buildings and lands be acquired for conversion to a seniors centre facility.

OUR HISTORY

A building Sub-Committee was set up in December 1987 with the following personnel: Dave Kennedy as Chairman, Roy Lefneski, Dorothy Wright, Gus Stahlmann, John S. Strobl, Leslie Snell, Allen Whitworth.

At about this time the City acquired the Bowlerama site for two purposes: as a senior centre location and acquisition of the river bank property as part of its riverbank plan throughout the City. This necessitated a change of viewpoint by the committee. After a professional study the Bowlerama building was deemed unsatisfactory structurally and would have to be replaced. From December 1987 until February 1992 countless meetings were held with the architects, engineers and equipment and furnishing supplies. A further complication was the City's partnership with a developer desirous of combining the centre with an adjoining 26 storey Condominium. The results of that partnership have not been determined as yet, witness the unfinished building attached at the river end of the Centre. Someday perhaps with unsightly mess will be cleared up. The final report of this committee was made on 13 January 1992, just a month before the official opening day of the new Evergreen Seniors Centre, 19 February 1992. A long, complex job well done, resulting in one of the finest, if not the finest, seniors centre anywhere in Canada.

A Finance Sub-Committee was set up in May 1989 with the following personnel: Allen Whitworth as Chairman, 10 members, the Director of Recreation and Parks and a representative of the City Treasury Department

Thank God for volunteers. There are literally thousands in this City contribution their time, energy and resources daily to make it a better place. A small group consisting of seniors and Rotarians started along the path to a new seniors centre. The journey took over ten years until that day, 19 February 1992 when the doors were officially opened. During those years, meetings by the hundreds, deputations to the City of the dozens, and donations by the hundreds, even thousands, made it happen. The Evergreen Seniors Centre is a tribute to those Volunteers who led the way through the trials of apathy and lack of will of so many in the community until the cherished dream was realized. Today, five years after that great day, we have for Guelph seniors a centre second to none, serving hundreds, yes thousands, of seniors with a variety of programs scheduled to education, entertain, physically challenge and feed the happy participants who entre the doors each day. Those wonderful doors which open automatically in greeting as we approach. And then, the smiles and warm greetings we see at every turn are a joy to behold.

One group of volunteers made the building possible. Now the volunteer tradition continues. Some 300 individuals each in his or her own way, makes the Centre a place you want to be. Under the guidance of Leslie Snell and her small staff, the place just hums with activity, good cheer and good food. Their unstinting efforts and leadership inspire us all to still greater things. We just want to make our home away from home better from still more people – seniors, shut-ins and handicapped. The GWSA and the Rotary Club continue to provide resources for additions to programs and physical improvements.

OUR HISTORY

1981

- **Third President: Dorothy Whyte (1981 – 1983)**
- First Annual meeting on January 27, 1981
- Report from Tillie Brine, Co-ordinator January 1981
 - *We moved to our present Centre from the Recreation Centre in late January 1980 and our opening day was February 5th at 2.00 pm*
 - *The Mayor, Norm Jary, with help from Jim Sparks, who was then the President of the Senior Council, declared the Centre opened by speech and the usual cake cutting ceremony. The number of people who passed through the Centre that day was 305.*
 - *The attendance over three month period, October, November and December was 2,770. We do have a book which we like people to sign; these numbers are approximate only. The number of lunches served over the same time was 1204.*
 - *The meetings held at the Centre over a twelve month period were 42*
 - *The first and third Thursdays of each month we have a nurse in attendance here from the Wellington and Guelph Unit. She has been coming regularly since April. This service is confidential and free to seniors.*
 - *The Fire Inspector, Mr. Thompson, pad us three visits during the year; he gave us a short lecture on “fire safety”, also instruction on the use of fire extinguishers. The fire bell could not be heard very plainly in our part of the building, but pleased to say that a new one has been installed.*
 - *The usual group of people were here last year to help seniors fill out their tax papers.*
 - *Some of the crafts that are being taught at various places in Guelph, the registration only was done at the Centre.*
 - *Do not know how many of you have noticed the summer awnings have been put up. This will take the glare away, but also leave us with a little sunshine.*
 - *The bus cards can be purchased here for 25 cents which enables you to buy your senior tickets at a reduced price. Number of cards sold here as from August 1980 is 1,300*
 - *Number of articles sold from craft case in uncertain; \$35.00 has been banked.*
- The aims of the Senior Citizens’ Centre
 - To provide a drop in centre for Senior Citizens of Guelph, a senior being anyone 60 and over or the spouse of a senior.
 - To be a focal point for seniors’ activities and concerns across the community.
 - To provide a place where seniors can meet their friends, have a chat, light lunch or participate in activities organized by the centre.
 - To provide light lunches for seniors at moderate cost.
 - To provide organized programs for seniors
 - To be a source of information for seniors on housing, transportation, income tax, pensions, government services, etc.
 - To provide health consultations for seniors
 - To provide other such services as may be beneficial for seniors.

- Third Christmas Fantasy

1986

- **Fifth President: Loys Readwin (1986 – 1987)**
- Comments from Loys regarding a new Seniors Centre:

We will probably always have a Seniors Drop In Centre in the downtown area, but – WE DO NEED A LARGER COMPLEX. At the present time we use various buildings for Badminton, Swimming, Dances, etc. We are grateful for the use of these buildings but much better to have the activities all in one complex. What we are planning for the proposed Centre is a reception area with fire-place, rooms for crafts and meetings, office space for both general use and the Sentinel, dining area, card and billiard rooms, as well as a gymnasium. (Did you realize that there is not a gymnasium in this city – city owned?) A gymnasium that could be used for volley ball and basketball. All ages would make great use of a gymnasium. One of the major advantages at the Victoria Road Recreation Centre is plenty of parking space. For the numerous day trips which seniors take, it would be no trouble to leave the car there for the day. Also the Guelph Transportation Commission is prepared to provide an adequate service to meet our needs, if the location is the Recreation Centre.
- Suggestion for building a Seniors Centre at the Victoria Road Complex – or the freight shed on Woolwich Street
- Membership 1,100
- \$2 membership fee to the Senior Council

- \$1,000 donation from Imperial Oil, used for library shelving
- Notes from a speech made by Loys Readwin in January 1992

“How it all began.... We now have close to 3,000 members in the Guelph Wellington Seniors Association. It was on Thursday October 9, 1975 at 1.00 pm in the Guelph and District Community Building on Waterloo Avenue that Mr. Jim Spark asked several people to come to a meeting to set up a Seniors Committee. Mr. Spark chaired the meeting and those present were: Dr. A. Gillies, Mr. Archie Ledingham, Nora Morris, C.S. C. Secretary, Miss Loys Readwin, and Mr. Charles Wright. This meeting was held to talk about what the future direction of senior citizens' requirements in the City might be, and to look forward to a Centre for seniors sometime in the future. We planned to have a larger open meeting at the Guelph Public Library, inviting representatives of various clubs and city officials. This meeting was held on Thursday, October 30, 1975 at 7.30 pm. There were about 75 present. To mention a few: Mayor N. Jary, Mr. E. Berner, Mrs. Tillie Brine, Mr. and Mrs. W. Dougherty, Mrs. Carrie Fisk, Mrs. Anne Godfrey, Mr. Alf Hales, Mrs. Eileen Hicks, Mrs Muriel Manson, Mrs. Margaret McKinnon, Mrs. Grace Newstead, Miss Margaret Plaskett, Mr. Frank Vigor, Mrs. Dorothy White. Following short talks and opinions, Mr. Spark extended thanks to all those present. So from this small group of six our membership grew – and grew – and grew. And now here we are with the largest membership in the City and a new Evergreen Senior Centre almost complete. All as a result of this first meeting. Many, many thanks to you, Jim Spark.”

OUR HISTORY

Someone you know

No, she is not a 'senior' as defined by our Seniors Association, but she is the 'classy gal' who has guided us for the past five years or so on behalf of the City – when there is a major decision to be made – when one wonders “should I do it this way or that” – to whom do we turn? None other than our Seniors Program Supervisor – LESLIE SNELL. 44 Woodside Avenue. No doubt many of you know LESLIE – possibly not by name but definitely by contact or by seeing her in her major role as ‘Co-ordinator’ the term by which we used to know her.

LESLIE was born in Toronto and received her early education there; however, it was to the University of Guelph she turned for later studies and the famous McDonald Institute was her stamping ground where she obtained her Bachelor of Household Science. Next followed a short course as O.C.E. (Ontario College of Education) because of a shortage of teachers at that time. She did some teaching in Ottawa and Gananoque, later obtaining her Master's degree, majoring in Gerontology. Since her husband, Jamie was (and is) a professor in Canadian history (and now Family and Legal History) at the University of Guelph, it was quite fitting that Guelph became the settling feature of their lives, especially with two young daughters now added to the household. Needless to say, they saw and utilized the educational facilities that Guelph offers any young family and they took advantage of these opportunities.

With her great source of energy, we find LESLIE working at the University as Assistant Editor of the Consumer News Letter for a short time and then supply teaching at Erin High School and our own GCVI (home economics).

With her knowledge of gerontology, it is evident that from her early days LESLIE has had a lot of interest in oldsters (to our good fortune) and one year's teaching along these lines at Georgian College gave her the desire for other ways to use her skills. Thus, when the opportunity arose of becoming Senior Co-ordinator for the City of Guelph she was the fortunate applicant, in charge of the many facets of seniors' activities through the Recreation and Parks Department. Now she felt she had reached her goal – and even though her position demanded many meetings, planning of courses and activities which would interest seniors, LESLIE certainly was kept busy. Thus when the Evergreen building was merely a hole in the ground, it meant the wheels in our Co-ordinator's head were turning and turning. Once again it meant reaching out for new and interesting policies to be undertaken – seniors must be kept busy - and many paths to be explored which would be beneficial.

Not only were there meetings regarding the building, but most important were the programs that would be most useful; always LESLIE was (and is) on the lookout for something new: the Wheels to Meals program, to be started later; also an intergenerational program whereat seniors and youngsters could meet on a common ground – in fact always reaching out for something new and of interest for seniors. As she states “Your attitude to aging is more important to your wellbeing than your actual chronological age. Keep up to date with events and maintain your interest and curiosity about the world around you.” These are the goals to which our Supervisor aspires for all of us, and so, when she passes you in the hallway, give her a smile and help make her day! We are most grateful for your services, LESLIE, and extend best wishes to you and your family.

OUR HISTORY

Memorable Days

For three days in February jubilation reigned at 683 Woolwich Street. The occasion was the opening of the Evergreen Seniors Centre. Evolvement of the Centre is history and a record of persistence and dedication by many. However, the celebration is worth reporting.

A small committee had planned for several months, always waiting for a construction clearance before considering a date. It was also decided to eliminate as many operations bugs as possible and not be too late for the occasion to be meaningful. Who to invite? Who would entertain? What decorations? And where to park? Where among the many concerns that were dealt with. There was a great rallying of talent and willingness to assure a memorable occasion.

The Opening Ceremony was, by all accounts, a huge success with close to eight hundred persons present and many who were unable to get near the full auditorium. Estelle de Haas played nostalgic tunes on the piano as the audience assembled until a procession of dignitaries were led by pipers Alan Whittle and Double Lee, to the stage ablaze with flags and flowers. Master of Ceremonies, Fred Black, then called for the Silvertones Choir to lead the singing of "O Canada". Following the introduction of persons on the dais, Frank Vigor recognized leaders, some of whom were present, who had pioneered the idea of a centre worthy of the City and its seniors. Dorothy Wright, Association President, followed with acknowledgement of all the efforts, energy and monies, including those of major donors. Greetings from Elsie McNaughton, representing Prime Minister Mulroney and MP William Winegard, Ray Applebaum on behalf of the Minister of Community and Social Services and Mary Brown, for the Minister of Seniors' Affairs, were delivered. Guelph's MPP, Derek Fletcher, and Ted Arnott, MPP for Wellington South, each brought his own congratulations.

Archdeacon Hill, requesting all to stand, then with prayer and the singing of 'Bless this House' by the Choir dedicated the Evergreen Seniors Centre to the purpose of service and joy for local seniors for today and years to come.

Finally Mayor John "Counsell acknowledged the contribution of City Council and its staff in co-operation with the Guelph Wellington Seniors Association which had realized this facility, already the envy of communities beyond Guelph's boundaries. Concluding his message and thanks to all concerned he declared the Centre to be officially opened, and cut a bright green ribbon. At this time colourful balloons were released and cascaded from the rafters.

The solemnity of the occasion over, the young at heart then patted, pushed and popped the air-filled toys as they re-lived a past and anticipated a happy and satisfying time together. Familiar and new faces then enjoyed a social occasion with refreshments and displays, while many took advantage of the guided tours which revealed the light, spaciousness, vistas and potential of the park side facility.

Not to disappoint those who could not attend the Opening, the next two days were devoted to showing off Guelph's latest pride and joy to other seniors, their families and friends. Entertainment by the Guelph Concert Band, the Twilites, the Sunshiners, the Silvertones, the Silver Sounds, the Harmonies, Roy Wheeler and his No 9 Band, and Country Line along with demonstrations by badminton players, line dancers, Tai Chi seniors and displays of painting and porcelain art which proved the many talents of Guelph's seniors. These events augured well for the future of the Evergreen Seniors Centre.

SENIOR CENTRE DEVELOPMENT COMMITTEE

The Opening Date of the EVERGREEN SENIORS CENTRE has passed with the Official Ceremony taking place on February 19, 1992. The Building Committee and the Fund Raising Committee have met their objectives and so has the Development Committee with the last meeting to be held in March.

As Chairman I am very grateful for the support that I have received over the past four years from the members of the Committees. The EVERGREEN CENTRE is a tribute to our combined accomplishments.

We have now to honour those who have made major contributions in accordance with the established policies. This will be the responsibility of the Guelph/Wellington Seniors Association Board upon a report from the Development Committee.

First, we have already produced a list of all the donors up to December 31, 1991. Donors' names will be added for the donations received in 1992.

Secondly, an Honour Wall will be created listing all those who have contributed excess of \$2,500 in three categories:

1. Individuals
2. Corporate
3. Service Clubs

Thirdly, the benefactors who have contributed towards the physical resources which will be acknowledged by the placing of plaques to make the donation. The following list acknowledges these benefactors to date:

- The Rotary Club of Guelph Charitable Foundation – \$300,000 -THE T.T. SKOV AUDITORIUM -
- The Rotary Club of Guelph - \$100,000 – THE ROTARY ROTUNDA OVERLOOKING THE RIVER
- The W.C. Wood Co. Ltd. - \$50,000 – THE DINING FACILITIES
- The Royal Bank of Canada - \$25,000 – THE FOYER AND BUSINESS OFFICES
- McNeil Consumer Products Co. - \$15,000 – THE JOHNSON AND JOHNSON HEALTH UNIT.
- Mr. and Mrs. N. W. Clayton - \$10,800 – THE INFORMATION DESK
- The Guelph Wellington Men's Club - \$6,200 – THE BOARD ROOM FURNISHINGS

In addition we also received the following large donations:

Canadian Imperial Bank of Commerce	\$10,000
Kinsmen Club of Guelph	\$10,000
Canada Trust Company	\$10,000
Mr. Jack Fine	\$10,000
Mr. and Mrs. R. Hammond	\$21,100

Finally there is a large commitment and contribution of \$300,000 from our own Association, of which \$200,000 has been paid.

I am very grateful to all the donors, large and small, and all those who have contributed their time and energy to this development – our EVERGREEN CENTRE.

Sincerely, Allen Whitworth

OUR HISTORY

BUILDING SUB-COMMITTEE SENIORS CENTRE DEVELOPMENT COMMITTEE

FINAL REPORT

The activities of this Sub-Committee commenced with our first meeting on 3 December 1987, over four years ago. Prior to that we had several other committees – site, facilities and so on, as part of the overall development of a new seniors centre for Guelph. Extensive work was done by these groups over several years, even down to the selection of a site (adjacent to the Victoria Road Centre) and floor plans for an addition to it.

The members of our Sub-Committee at the outset were: Roy Lefneski, John Strobl, Leslie Snell, Gus Stahlman, Allen Whitworth (ex officio), Dorothy Wright and Dave Kennedy, as Chairman. At our first meeting Carrie Fisk was added and several others have joined our discussions in the intervening years: Isabel Henderson, Valerie Beckett and members of the City Staff.

The first task was to determine if the newly acquired Bowlerama site was suitable for renovation as a seniors' centre. After investigation by an architect, it was decided that the original building was not adaptable, largely due to poor construction, and would have to be torn down. In conjunction with the developer, who came on the scene through his agreement with the City, it was necessary to draw up plans compatible with their ideas. Since on Woolwich Street we would not have access to the Victoria Road Centre facilities, we were forced to expand our requirements considerably above what we had originally planned.

From the time we started anew in December 1987, there have been countless meetings (we gave up numbering them) with architects, City Staff and Council committees to finalize a plan acceptable to all concerned. The hundreds of hours spent at formal meetings and in other discussions have produced a new centre, to be opened on 19 February 1992, of which we can all be proud.

I wish to thank all who participated in our discussions, before the inception of the Committee and subsequently. Each brought to our deliberations valuable input. Our Committee's principal role was to develop plans and generally supervise construction of the new Evergreen Seniors Centre. That task has now been completed and Guelph's seniors will be forever grateful for the efforts of our group.

While planning and construction aspects are completed and our Committee can be disbanded, it may well be a small committee of seniors should be formed to act as advisors to staff as to modifications which are deemed necessary in the future. The Activities Program Committee will develop many new ideas for use of our expanded facilities, but changes to the building itself may require another committee to deal with modification. It might be called a Building or House Committee. We leave this decision to the GWSA or City Council.
